

Please review the list of club offerings for 2022-2023.

As we roll out our club offerings on September 23, 2022, students are encouraged to visit and attend any club meetings without first having to make any commitment. This affords an opportunity, the same as an “Open House,” to drop by some of the initial club meetings to see what the clubs are all about.

By next month, the end of October, students will need to make a final decision if they want to commit to a particular club(s). At that time, in late October, Mrs. Lynch will request that all club moderators send her a list of student members for 2022-23.

There are a few clubs that may be added to this list. Please see the list below.
